WHY LIFT MORE WEIGHT THAN YOU HAVE TO?

ALUMINUM CONCRETE SHOVELS

Made from 6061-T6 tempered aluminum, these light but strong shovels will help you handle mortar and concrete while minimizing your effort. Models 737 & 745 feature extra pitch and a deep pan head to help move more material. Models 1840 & 1848 have a shallow head for use in leveling, puddling, and screed work. Shovel head is 11" x 9-1/4". Long and short handle lengths available. Features a D-Grip handle.
